1 **A. Summary of Distribution Plan**

2 The Securities and Exchange Commission (“Commission” or “SEC”) and Sherwood Partners,
 3 Inc., the court-appointed receiver or a court-approved successor (“Receiver”), respectfully submit this
 4 proposed Joint Plan of Distribution (the “Plan” or “Distribution Plan”) to distribute funds to investors
 5 and creditors harmed as a result of the violations alleged in the Commission’s complaint (DE 1).
 6 Pursuant to the October 11, 2016 Order (DE 142, Stipulated Order Appointing Receiver), the Court
 7 appointed the Receiver to take possession and control of the assets of certain Defendants¹ and Relief
 8 Defendants² and third party affiliated entities³ (the “Receivership Estate”) and to develop a plan for
 9 the administration of the Receivership Estate.

10 This Plan provides for the determination of investor and creditor claims to assets in the
 11 Receivership Estate (including assets that may be collected hereafter) and for the *pro rata* distribution
 12 of assets as set forth herein. This Plan also provides for the orderly sale of the shares and financial
 13 interests held by the entities in the Receivership Estate and the pro rata distribution of the proceeds to
 14 investors based upon their net out-of-pocket investments and to creditors based on the debt owed. If
 15 there are sufficient proceeds, investors will receive interest on the principal amount of their
 16 investments to compensate investors for the time value of their money and creditors will receive
 17 either the contractual rate of interest or the treasury rate for unpaid federal funds or such other
 18 appropriate rate as determined by the Receiver and the Court. Investors who purchased securities
 19 that are determined to have no value, either before or after the appointment of the Receiver on
 20

21 ¹ Saddle River Advisors LLC (“Saddle River”) and SRA Management, LLC (“SRA Management”),
 22 Saddle River and SRA Management (collectively, the “Corporate Defendants”).

23 ² SRA I LLC (“SRA I”), SRA II LLC (“SRA II”), SRA III LLC (“SRA III”) (together, “SRA Funds”) and Clear Sailing Group IV LLC and Clear Sailing Group V LLC (together, “Clear Sailing”) (collectively the “Relief Defendant Entities”).

25 ³ By stipulation, Sherwood Partners also became the Receiver for third-party affiliated entities NYPA Fund I LLC (“NYPA I”), NYPA II Fund LLC (“NYPA II”) (together, “NYPA Funds”) and NYPA Management Associates LLC (collectively, “NYPA Entities”) and Felix Multi-Opportunity Funds I and II, LLC (“FMOF I and II”) (together, “FMOF Funds”) and FMOF Management Associates, LLC (collectively, “FMOF Entities”).

1 October 11, 2016, may share in the proceeds of other assets, but at a discount. These investors will
2 receive their pro rata distribution which will be limited to 25 to 30 percent of the principal amount of
3 their claim. In the event that the sale of shares or economic interests in a particular company,
4 generates an excess recovery and the other investors have received the principal amount of their
5 investments plus interest, then the Receiver will be authorized to propose a supplemental distribution
6 to those investors who subscribed and/or invested in the shares of the particular company or contracts
7 for shares of the particular company generating the excess recovery.

8 In addition, if the Court determines that the shares and financial interests held by the entities in
9 the Receivership Estate are to be held for a period of time which could exceed 2 years, there will be a
10 mechanism for investor and creditor claimants to elect an early payment of 25-30% on valid claims,
11 if feasible. Such election will be by a date certain to be set by the Court.

12 The Plan will also provide for the retention by the Receivership, pursuant to Court order, of an
13 Investment Banker to liquidate certain securities held by the Receivership to allow for an early
14 payment, if elected and if feasible, and to monitor the securities held by the Receivership, file
15 quarterly periodic reports regarding those securities, file recommendations for process and timing of
16 sales and management of the securities.

17 **B. Background**

18 The Commission filed its complaint against John V. Bivona (“Bivona”), Frank Mazzola, the
19 Corporate Defendants, and Relief Defendants in this action on March 22, 2016. It brought this action
20 in order to stop Bivona, Frank Mazzola and the companies they currently control or previously
21 controlled from continuing to defraud investors, from which Bivona, Frank Mazzola and their
22 companies raised over \$53 million in the SRA Funds. Bivona, Frank Mazzola, Saddle River
23 Advisors (“Saddle River”) and SRA Management Associates, LLC (“SRA Management”), marketed
24 investments in early-to-late stage, pre-IPO technology companies, however Bivona, Saddle River and
25 SRA Management lied to investors and used their money to purchase shares promised to earlier
26 investors in other unrelated funds. Bivona, Saddle River and SRA Management also used the SRA
27 Funds’ bank accounts to pay for personal expenses for John Bivona and his family. (DE 1, Complaint
28 at ¶¶ 2, 3)

1 Among other things, the Commission alleged that Bivona, Saddle River and SRA Management
2 disguised their misconduct by continually transferring money in and out of multiple bank accounts
3 associated with more than a dozen different funds and entities. Millions of dollars have been
4 funneled to pay for the expenses of earlier funds that Bivona and Saddle River also manage, while at
5 least \$5.7 million has been diverted to family members to pay, among other things, credit card bills,
6 income taxes, a car loan, unrelated defense attorney fees, and the mortgage on a Jersey Shore
7 vacation home. Bivona, Saddle River and SRA Management failed to provide investors with the
8 promised financial statements that should have revealed their fraud. Bivona steered the lion's share
9 of the misappropriated money to benefit Bivona's nephew, Frank Mazzola, who faced SEC fraud
10 charges for an earlier investment scheme, which resulted in the March 2014 entry of permanent
11 injunctions by this Court and the institution of an administrative SEC order barring Mazzola from the
12 securities industry for at least three years. (DE 1, Complaint at ¶¶ 4, 5)

13 On March 25, 2016, on the basis of the allegations in the Complaint, the SEC's Motion for a
14 Temporary Restraining Order (DE 4) and the documentation filed by the SEC in support of the SEC's
15 Motion (DE 5-20), the Court entered an Order Granting Temporary Restraining Order, Appointment
16 of Independent Monitor, and other Preliminary Relief (DE 36). On October 11, 2016, on consent,
17 Judge Chen appointed the Independent Monitor, Sherwood Partners, Inc., as the Receiver for
18 defendant SRA Management and relief defendants SRA Funds and Clear Sailing. By stipulation,
19 Sherwood Partners, Inc. also became the Receiver for third-party affiliated entities NYPA Fund I
20 LLC ("NYPA I"), NYPA II Fund LLC ("NYPA II") and NYPA Management Associates LLC
21 (collectively, "NYPA Entities") and Felix Multi-Opportunity Funds I and II, LLC ("FMOF I and II")
22 and FMOF Management Associates, LLC (collectively, "FMOF Entities"). Like the SRA Funds,
23 those third-party affiliates held their pre-IPO shares and interests through Clear Sailing. (DE 142)

24 The Receivership Defendants⁴ do not currently have any permanent employees, and have ceased
25 operations. The shares of private companies beneficially owned by the SRA Funds and other
26 investment funds, such as the NYPA Funds and Felix Multi-Opportunity Funds, are held centrally at

27 _____
28 ⁴ SRA Management, SRA Funds and Clear Sailing.

1 Clear Sailing, through ownership interests in the Clear Sailing entities. Because these private
 2 company shares are not held within the SRA Funds, or other investment funds, claiming an
 3 ownership interest over the shares, it is appropriate to have these entities in the Receivership Estate to
 4 be administered pursuant to this Distribution Plan. (DE 142)

5 On December 22, 2017, the Court entered Final Judgments on consent against defendants John
 6 Bivona and Frank Mazzola and relief defendants Anne Bivona and Michele Mazzola.

7 On February 12, 2018, the Court entered a Final Judgment on consent against Saddle River
 8 Advisors LLC.

9 On March 22, 2018, the Court entered a Final Judgment on consent against defendants SRA
 10 Management Associates LLC and Relief Defendants SRA I, LLC, SRA II, LLC, Clear Sailing Group
 11 IV, LLC and Clear Sailing Group V, LLC.

12 **1. Current Financial Status of Receivership Estate**

13 The Receiver has taken steps necessary to preserve the status quo as to the Corporate Defendants
 14 and Relief Defendant Entities and to allow the investigation of the nature, location and rightful
 15 allocation of their assets. To date, the Receiver, on behalf of the Corporate Defendants and Relief
 16 Defendant Entities, and related entities in the Receivership Estate has marshalled the following assets
 17 (the “Current Assets”) in the Receivership Estate:

- 18 a. \$1,665,219.77 in proceeds from the sale of shares of Square, Inc. after the start of the
 19 receivership (some of which has been used to pay Court approved fees and expenses).
- 20 b. \$500,000 payment from Anne Bivona pursuant to Final Judgment.⁵
- 21 c. securities (or forward contracts on securities) including, but not limited to, Addepar, Airbnb,
 22 Badgeville, Bloom Energy, Candi Controls, Cloudera, Dropbox, Evernote, Glam, Jawbone, Lookout,
 23 Lyft, Mongo DB, Palantir, Pinterest, Practice Fusion, Snapchat, Uber, Twitter, Box, oDesk, Check,
 24 Flurry, and Virtual Instruments. The Receiver will provide a report to the Court with the number of
 25 shares held by the Receivership Estate.

26 _____
 27 ⁵ The current amount held in the Receivership Estate is \$1,100,597. Total funds disbursed to date is
 28 \$1,199,861.

1 d. any and all intangibles, including but not limited to, funds received or reasonably expected to
2 be received from potential claims from Avoidance Actions and other Causes of Action in favor of
3 the Receivership Estate.

4 **2. Substantive Consolidation due to Commingling**

5 Based on the Commission's accounting investigation and the Receiver's investigation into the
6 shortfall of the investments, and its' marshalling of assets of the Corporate Defendants and Relief
7 Defendant Entities, it has been determined that:

- 8 a. Bivona and the Corporate Defendants commingled and transferred funds among the Relief
9 Defendant Entities and Receivership Entities;
- 10 b. Bivona and the Corporate Defendants expended amounts in excess of the management fees
11 permitted under the management agreements;

12 The Receiver is terminating all management agreements with SRA Management, NYPA
13 Management and FMOF Management and the advisory agreements with defendant Saddle River so
14 that no further management or advisory fees will be paid or owed to SRA Management, NYPA
15 Management, FMOF Management and/or Saddle River.

16 The Receiver consented to a Final Judgment for full injunctive relief, and disgorgement sought by
17 the Commission in its Complaint. The Final Judgment provided that the monetary judgment against
18 SRA Management and the Relief Defendant entities will be deemed satisfied by the payments
19 contemplated to investors and creditors under this Distribution Plan.

20 Due to the extensive commingling of funds among the Corporate Defendants and Relief
21 Defendant Entities and misappropriation of investor money by Bivona and the Corporate Defendants,
22 the Commission and the Receiver propose to consolidate the assets and liabilities of the Corporate
23 Defendants, Relief Defendants Entities and affiliated third party entities, including the dissolution of
24 all of the Corporate Defendant, Relief Defendant Entities and affiliated third party entities, and to
25 distribute the assets pursuant to the following plan of distribution to investors and creditors on a pro
26 rata basis. In addition, to unwind the transactions supporting the Unsecured Claims and Unsecured
27 Creditor Claims would be unduly burdensome, prohibitively expensive and administratively
28 unfeasible.

1 Defendants and affiliated third party entities. The amount of the Distributable Funds is unknown and
2 may be less than the total Valid Claims.

3 **1. First Distribution**

4 Upon the liquidation of assets by the Investment Banker or otherwise, to make the pro rata
5 distribution to the Early Election Claimants, these investors and creditors will be paid a pro rata 25-
6 30% of their Valid Claims, if feasible. There will be sufficient funds heldback in order to pay
7 necessary administrative expenses related to the sale of any assets and distribution of funds in this
8 first distribution. If claimants receive a distribution pursuant to their Early Election Claim, they are
9 not eligible for the Second Distribution described below.

10 **2. Second Distribution**

11 Upon the sale of the remaining assets, including securities and financial interests held by the
12 entities in the Receivership Estate, payments will be made as follows: First, pay accrued
13 Administrative Claims in full and satisfy or partially satisfy Administrative Reserve; Second, pay pro
14 rata all Unsecured Claims for principal amount outstanding, Rescission Claimants, all Unsecured

22 determined to be of limited value by the retained financial professionals. These are investors who are
23 not eligible for the Third Distribution described below and their claims are deemed satisfied to the
24 extent they are paid in full on their principal and interest claim in this distribution.

26 entitled to a contract rate of interest. (Note that all claims for interest shall be paid on a par or pari
27 passu)

1 **3. Third Distribution**

2 A Third Distribution will only be made if securities remain to be sold or proceeds remain to be
3 distributed after the Second Distribution. This can occur if an issuer goes public, or either another
4 liquidity event occurs, or the Receiver and his financial professionals in their business judgment
5 determine to liquidate the remaining positions. In the event securities are sold and there is enough to
6 fund a third distribution, claims will be paid as follows: First, pay all accrued but unpaid
7 Administrative Claims; Second, satisfy unpaid amounts from the Second Distribution; Third, pay
8 remaining investors as follows:

9 The Receiver will determine who is eligible to participate in the Third Distribution based on the
