1 Kathy Bazoian Phelps, the successor receiver herein (the “Receiver”) of SRA Management

3 Sailing Group IV, LLC, Clear Sailing Group V, LLC, Felix Multi-Opportunity Fund I, LLC, Felix

5 NYPA Fund II, LLC, NYPA Management Associates, LLC and Solis Associates Fund LLC  
6 (collectively, the “Receivership Entities” and their estates the “Receivership Estate”), hereby files  
7 this Motion for Order Approving Sale and Distribution of Publicly Traded Securities Pursuant to  
8 Distribution Plan (the “Motion”).<sup>1</sup>

9 **I. Introduction**

10 The Court approved the distribution plan (the “Plan”) in this case by Order entered on  
11 May 25, 2020 [Dkt No. 613]. Pursuant to the Plan, the Receiver is to liquidate a portion of the  
12 publicly traded securities to fund the Plan Fund and the Tax Holding Account and to sell surplus  
13 shares. The Plan also provides that the Receiver may make an interim distribution, in her  
14 discretion, of a portion of the Plan Fund and the remaining securities to the creditors and investors  
15 with allowed claims, respectively. The Plan provides that the Receiver may hold an  
16 Administrative Cash Reserve and an Administrative Stock Reserve to protect the estate and  
17 ensure that sufficient assets remain to satisfy all administrative and tax claims.

18 This Motion sets forth the detailed distribution schedules for each of the groups of  
19 investors holding securities in each of the following publicly traded securities: Bloom Energy,  
20 Inc.; Cloudera, Inc.; DropBox, Inc.; Lyft, Inc., Inc.; MongoDB, Inc.; Pinterest, Inc.; Snap, Inc.,  
21 Inc., and Uber, Inc. The distribution schedules attached as Exhibits “1” through “8” hereto (the  
22 “Schedules”) reflect the Investor Claimants by I.D. Number and the number of shares that will  
23 need to be liquidated to pay into the Plan Fund, the Tax Holding Account and the commissions, as  
24 well as the proposed number of shares to be distributed to each investor. The taxes have been  
25 estimated based on the now current value of the securities that will be sold and the portion of the

27 <sup>1</sup> The Receiver will serve notice of this Motion, the Motion, and supporting documents on all  
28 interested parties pursuant to Civil Local Rule 66-6. and will post the papers on the Receivership  
website. *See* Civil L.R. 66-6. Any interested party has four days to file any opposition to or  
support for this motion. *See* Civil L.R. 7-11.

1 securities that will be distributed at this time. The actual figures may vary based on price  
 2 fluctuations at the exact time of sale and distribution. The Receiver proposes to endeavor to sell  
 3 the securities on the open market at a price equal to or higher than the current value of the shares  
 4 as set forth in the Schedules. However, given daily fluctuations in price, the Receiver requests  
 5 authority to liquidate the securities at a price that is up to 10% lower than the “Sales Price Per  
 6 Share” listed for each respective security in the Schedules.

7 The Receiver has conferred with counsel for the Securities and Exchange Commission,  
 8 who does not oppose the Motion. The Receiver has also provided copies of the Motion to the  
 9 members of the Investor Advisory Committee, and counsel for Progresso Ventures LLC, who did  
 10 not express any comment or opposition in response. A stipulation with all parties was deemed  
 11 impractical given, among other things, the entry of judgment against the defendants and pending  
 12 bankruptcy of defendant John Bivona. (L.R. 7-11 1(a)).

13 **II. The Sale of Securities as Set Forth in the Distribution Schedules is Appropriate**

14 The Plan provides in Section VII.A.I that the Receiver is to sell securities to create the Plan  
 15 Fund and Tax Holding Account as follows:

- 16 (a) Securities shall be sold to generate an amount of 30% of the gross amounts invested by  
 17 the Investor Claimants in Successful Investments to fund the Plan Fund.  
 18 (b) Any surplus securities for any of the Successful Investments shall be sold and the  
 19 proceeds shall be added to the Plan Fund.  
 20 (c) Additional securities shall be sold to generate sufficient funds to pay any estimated  
 21 Priority Tax Claims generated from the sale of securities and the distribution of shares  
 22 back to Investors and said sales proceeds shall be deposited in the Tax Holding  
 23 Account.  
 24 (d) The Receiver shall sell securities as follows for the Successful Investments following a  
 25 liquidity event for a given Successful Investment.  
 26 (e) The 30% to fund the Plan Fund shall be net of any brokerage fees paid in connection  
 27 with the sale of the securities. In other words, the amount to be held in the Plan Fund  
 28 following payment of brokerage fees shall equal 30% of the gross amount invested.  
 (f) The Receiver shall sell the securities in a manner consistent with state and federal  
 corporate and securities laws. The Receiver anticipates that such distributions or sales  
 shall be done in accordance with Section 5 of the Securities Act of 1933 (“Securities  
 Act”) or in accordance with exemptions from registration provided in the Rules  
 promulgated by the Commission pursuant to the Securities Act.

The publicly traded securities, the number of shares claimed by investors, owned by the  
 estate, the 30% gross investment amounts, and the Tax Holding Account amounts, assuming the

Administrative Stock Reserves set forth in the schedules, are summarized as follows:

Company	Securities Owned by Estate	Shares Claimed by Investors	Gross Investment Amount	30% of Gross Investment Amount	Tax Holding Account Amount	Percentage of Shares to Sell
Bloom Energy Inc.	147,429	139,583	\$ 3,724,498	\$1,117,350	\$1,886	90%
Cloudera, Inc.	37,639	37,639	\$ 637,245	\$ 191,174	\$0	90%
Dropbox, Inc.	46,000	46,001	\$ 1,783,457	\$ 535,038	\$0	50%
Lyft, Inc.	9,479	9,479	\$ 250,756	\$ 75,227	\$0	85%
MongoDB Inc.	20,000 <sup>2</sup>	22,171	\$ 1,002,322	\$ 300,697	\$1,289,737	50%
Pinterest, Inc.	23,206	23,206	\$ 550,470	\$ 165,141	\$19,840	80%
Snap, Inc.	31,172	31,173	\$ 549,821	\$ 164,946	\$0	60%
Uber Inc.	500	500	\$ 19,388	\$ 5,816	\$0	90%

The Receiver has estimated the Tax Holding Account amount based upon the valuation of the securities as of the close of the market of the date of the filing of this Motion. The Tax Holding amount may increase or decrease depending on the value of the securities as of the date of sale and the dates of distribution, which will change the number of shares required to be liquidated to satisfy that tax liability.

By this Motion, the Receiver requests authority to take the following actions:

1. To approve the Schedules attached hereto as Exhibits "1" through "8" subject to modification in the price of the stocks at the time of sale and distribution;
2. To approve the sale of the securities in a price range of any amount higher than 90% of the "Sales Price per Share" prices set forth in the Schedules, which reflect the price of the securities as of the close of the market of the date of the filing of this Motion.<sup>3</sup> The timing of the sale and distribution shall be determined in the Receiver's discretion;
3. To authorize the sale of the approximate number of shares as set forth in the Schedules, which may vary based upon the amount required for the Tax Holding Account, which may change due to fluctuation in the price of the securities;
4. To authorize the sale of surplus securities pursuant to the Plan. Only one of the categories of securities – Bloom Energy – contains surplus shares so, in addition to the

<sup>2</sup> The estate is owed another 6,250 shares from Ben Sabrin, and the Receiver has commenced litigation seeking turnover of those shares.

<sup>3</sup> To the extent that the actual sales price for the securities at the time of sale and distribution differs from the price set forth in the Schedules, the Receiver shall adjust the number of shares required to be sold to fund the Tax Holding Account accordingly.

1 Plan Fund and Tax Holding Account amounts, the Receiver will also sell 7,846 shares  
2 of Bloom Energy and any additional shares as may be necessary to cover any tax  
3 liability that may be generated as a result of that sale.

4 5. To make an interim distribution of securities to the investors holding Allowed Claims as  
5 set forth in the Schedules.

6 6. To pay the commissions that will be generated from the sale of securities. The 30% Plan  
7 Fund is to be net of commissions pursuant to the Plan, so additional shares will be sold  
8 to generate funds to pay the commissions. The current commission structure at Wells  
9 Fargo Bank was been negotiated from .05% of the value of the trade to .025%, and may  
10 be reduced to a lower flat fee per trade. The Receiver is in the process of evaluating  
11 whether locating another financial institution can handle a fiduciary brokerage account  
12 at a lower commission rate that will justify the transfer of the securities. If so, the  
13 Receiver requests authority to move the securities prior to sale and distribution if a  
14 meaningfully lower commission structure can be obtained.

15 **IV. Interim Distribution**

16 The Receiver seeks authority at this time to distribute a certain percentage of the shares  
17 but to maintain an Administrative Stock Reserve for each investment in an amount that she  
18 believes necessary to protect the estate. The percentage of the Reserve varies by investment  
19 depending on the estimated tax position, the manner in which the securities were acquired by the  
20 estate, the number of securities involved, and the risk related to each investment. The Receiver  
21 does not presently intend to make a cash distribution to Class 3 claimants and intends to hold the  
22 cash as an Administrative Cash Reserve pursuant to the Plan until her tax advisor advises that an  
23 interim distribution to cash claimants is appropriate and, if so, in what amount.
